

# ADDENDUM - APPENDIX B

**Ordinance/Standards Committee Members and Meetings**

## Ordinance/Standards Committee Members and Meetings

**Participants -**

**Engineers:** April Barkasi, Cedarville Engineering; Rick Craig, East Goshen Township; Dan Daley, E.B. Walsh; Denny Howell, D.L. Howell & Associates; P.J. Close, Kelly & Close Engineers

**Planners:** John Gaadt, Gaadt Perspectives

**County Agency Staff:** Carrie Conwell, Mark Gallant, Jake Michael and Carol Stauffer, Chester County Planning Commission; Gaye Lynn Criswell, Ben Drover, Dan Miller, Dan Miloser, Joe Sofranko and Chris Strohmaier, Chester County Conservation District; Dani-Ella Betz, Jan Bowers, and Dan Crocker, Chester County Water Resources Authority.

DATE	TOPICS COVERED at MEETINGS	NUMBER of ATTENDEES
9/6/11	Meeting: Stormwater standards: minimum infiltration rate, redevelopment standards and the control of the 5 year storm peak rate; Definitions; Committee discussed importance of being protective while allowing design flexibility.	13
10/3/11	Meeting: Stormwater standards: refined redevelopment standards for peak rate, infiltration, and volume; optional standards; impervious surface and proposed impervious surface definitions.	12
12/14/12	Meeting: Revised Draft Matrix of Standards as a result of municipal feedback received was discussed. Discussed PennDOT standards and solar panel guidance.	12
2/1/12	Meeting: Draft Model Ordinance, particularly Article III –Stormwater Management Standards.	11
4/16/12	Meeting: Article I – General Provisions, Article II - Definitions, Article III – Stormwater Standards, Article IV –page 1, Article VII – O&M and Easements	12
5/16/12	Phone call with engineers: Article III – Stormwater Standards.	4
5/18/12	Meeting: Article II – Definitions and Article III – Stormwater Standards.	6
5/21/12	Meeting: Compatibility with standards from Chapter 102, NPDES and the BMP Manual, Appendices.	5
5/24/12	Meeting: Enforcement, Threshold, Peak Rate small storms, among other topics.	8
9/18/12	Meeting: Discussed technical details resulting from the municipal feedback and their incorporation in the final draft of the Model Ordinance and Matrix.	9
<u>12/10/12</u>	<u>Meeting: Discussed technical details resulting from the feedback from the 45-Day Public Review Period</u>	<u>9</u>

In addition to meetings, there were many email exchanges and phone conversations, particularly with the engineers, to discuss, resolve and refine the stormwater standards.
