

General Information

◆ Document Submittal Details

FORMAT

Labels are used to place recording information on all documents. Certain margin, paper size, and layout requirements apply to all documents. Please refer to the PRIA Document Standards, posted on our website, for more information and to view a sample cover page. Documents submitted that do not meet the standards must be accompanied by a \$25.00 non-compliance fee, or the document will be returned to the submitter.

MICROFILMING

All documents are scanned and microfilmed. Please use **black ink, black stamp pads, black typewriter ribbon**, and white or manila paper. Since microfilming is used as the medium for recording documents, marginal notes do NOT apply in Chester County.

UNACCEPTABLE DOCUMENTS

Only legible documents capable of being reproduced on microfilm will be accepted for recording. If a document is unacceptable for recording, it will be returned to the sender with a return checklist stating the reason for rejection. **A \$5.00 Return fee** will be due on resubmission (per document each time resubmitted).

FOREIGN LANGUAGE DOCUMENTS

Must include a written English translation sworn or affirmed by the translator to be recorded along with the original instrument. An apostille or certificate of authentication may be required depending upon the country of origin. Please check with the U.S. Department of State and the Pennsylvania Department of State for details.

RETURN ENVELOPES

To save time and facilitate the filing and recording of documents, submitting parties should include a **self-addressed, stamped envelope**, of appropriate size, with sufficient postage with the initial filing of documents or plans. If you require notification of receipt, please enclose a second self-addressed, stamped envelope for the return of your recording receipts. If filing a mortgage satisfaction, please include appropriate stamped self-addressed envelopes for your customer and your return.
