Revitalization of Chester County’s Urban Centers
Since 2002, the Chester County Commissioners have awarded more than $70 million of local and federal funds, including the Community Revitalization Program and Community Development Block Grant, to the County’s 15 boroughs and the City of Coatesville for critical community revitalization improvements.

Elverson: Wastewater lagoon closure

Coatesville: Riverwalk construction

Avondale: Wastewater treatment plant improvements

Oxford: Streetscaping improvements

Phoenixville: Streetscaping improvements

West Chester: Streetscaping improvements

Installation of trash receptacles
