Explanation of Additional Probate Fee

At the time of filing the Petition for Grant of Letters an **estimate of the gross probate value** of the Estate is made. The probate fee is charged based on this estimated value. When the Original PA Inheritance Tax Return is filed, the **actual** gross probate value of the estate is calculated. The calculation is based on the sum of the amounts on Schedules A, B, C, D and E of the PA Inheritance Tax Return. If the actual gross probate value of the estate is **greater** than the estimated gross probate value of the estate, an additional probate fee is charged. If the actual gross probate value is **less** than the **estimated gross probate value, no refund is issued**.
