

WHILE YOU WAIT FOR YOUR RESULTS...

Stay home! Others who live in your home should stay home too.

Wear a mask or face cover

Clean and disinfect home and personal items often

Only leave home for:

- Food
- Medication
- House needs

No large gatherings
No family parties

Wash hands often

Kids and teens should not

- hang out in groups
- play group sports

IF YOU TEST POSITIVE

- You will be contacted by the Health Department
 - Share contact information for anyone you may have exposed.
Tell your family, friends, coworkers you are sick
- Wear mask at home
- If feel worse, call a doctor or call 911

Stay home until...

24 HOURS NO FEVER
WITH NO MEDICATION

AND

SYMPTOMS ARE BETTER

AND

10 DAYS SINCE YOU
STARTED FEELING SICK

IF YOU TEST NEGATIVE

- If you had a known exposure, continue to quarantine for 14 days after exposure
- If you did not have a known exposure AND have no symptoms, you can end your quarantine
- If you did not have an exposure AND have symptoms, you may have another illness. Stay home until you do not have any symptoms.
