Magisterial District Judge Analisa Sondergaard
District Court 15-4-01
500 Chesterbrook Blvd., C6
Wayne, PA 19087-5603

Internal Audit has audited the accounts of Magisterial District Court 15-4-01 (*District Court*) as of December 31, 2011, and has compiled the attached Statement of Assets and Liabilities and the related Statement of Cash Receipts, Disbursements, and Cash Balance for the year then ended. It is Internal Audit's responsibility to annually audit the accounts of every magistrate or district judge within the County and to report the results of such audits to the Chester County Commissioners, the Chester County Court of Common Pleas, the Auditor General of Pennsylvania, and to the governing body of each political subdivision which is entitled to receive funds collected on its behalf by the *District Court*. It is management's responsibility to maintain, update, and reconcile these accounts on a continuous basis.

Our audit was conducted in accordance with generally accepted auditing standards and the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit in a manner that will provide *reasonable assurance* that the accounts are free of material misstatement and that amounts are properly supported and approved.

As described in Note 1, the accompanying financial statements are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, the statements referred to above are not intended to present the financial position and results of operations of the *District Court* in conformity with generally accepted accounting principles.

In our opinion, the accounts of the *District Court* are stated fairly as of December 31, 2011. Consequently, the corresponding financial statements prepared by Internal Audit present fairly, in all material respects, the assets and liabilities of the *District Court* as of December 31, 2011, and the cash receipts, disbursements, and cash balance for the year then ended.

In accordance with Government Auditing Standards, Internal Audit has also issued a report dated June 25, 2012, on our evaluation of the *District Court's* internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, policies and/or procedures. That report is an integral part of an audit performed in accordance with Government Auditing Standards and is to be read in conjunction with this report in considering the results of our audit.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2011

Note 1 - Summary of Significant Accounting Principles

Background and Reporting Entity

The financial statements of the *District Court* include only those transactions handled directly by the *District Court*. These transactions include the collection of costs, fines, bail, and restitution, as well as the subsequent disbursement of these funds to the Commonwealth of Pennsylvania, to related political subdivisions, and to citizens served by the *District Court*. As such, the *District Court* acts as a conduit for the Commonwealth, local municipalities, and constituents it serves. Consequently, the *District Court's* cash balance at any point in time represents undisbursed funds to one (or all) of these parties. For financial statement purposes, these undisbursed funds are included as a liability of the *District Court*.

The actual operating expenses of the *District Court* are paid by the County of Chester, except for the Magisterial District Judge's salary which is paid by the Commonwealth. These costs include the salaries and wages of district court employees, fringe benefits, postage, telephone, office supplies, computer/LAN use, and furniture and equipment. These costs are not included in the audited Statement of Cash Receipts, Disbursements, and Cash Balance.

Basis of Accounting

The books and records of the *District Court* are maintained on the cash basis of accounting. Consequently, receipts are recognized when received rather than when assessed or otherwise due, and disbursements are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying statements do not present the assets, liabilities, receipts, disbursements, and cash balance in accordance with generally accepted accounting principles.

Note 2 – Elected Official

These financial statements and results of this audit relate to the previous administration-Jeremy M. Blackburn. Analisa Sondergaard, the current Magisterial District Judge, took office on January 3, 2012.

Note 3 - Legal Matters

Our audit disclosed no pending litigation involving the *District Court*, its current Magisterial District Judge (Analisa Sondergaard), or her predecessor Jeremy M. Blackburn for the year ended December 31, 2011.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

In planning our audit of the financial statements of District Court 15-4-01 (*District Court*) as of and for the year ended December 31, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the *District Court's* internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the *District Court's* internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the *District Court's* internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all significant deficiencies or material weaknesses have been identified.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the *District Court's* financial statements will not be prevented, or detected and corrected on a timely basis.

As part of obtaining reasonable assurance about whether the *District Court's* financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

We noted certain matters that we reported to management of the *District Court* in a separate letter dated June 25, 2012. They include the following:

- Reconciliation with respect to petty cash and checking account
- Recordkeeping with respect to case files
- Compliance with district court policies/procedures with respect to manual receipts, cash disbursements and voided disbursements

This report is intended for the information of the Chester County Commissioners, the Chester County Court of Common Pleas, the Auditor General of Pennsylvania, and all other political affiliates served by the *District Court*. This report is, however, a matter of public record, and its distribution is not limited.
