West Chester, PA 19380-0989

About the program

Frequently the Chester County Orphans' Court appoints Guardians for incapacitated persons who, due to serious physical or mental disabilities, need help in making decisions about their daily lives and finances.

While most Guardians perform their duties conscientiously, in some cases they do not live up to the Court's expectations and fail to arrange for the care needed, or to administer funds responsibly. Volunteers are needed to check on the care given to incapacitated persons and to determine whether their funds are being properly spent.

How you can help

The Court needs concerned volunteers to serve as Court Visitors. You may dedicate as much or as little time as you would like.

Visitors serve as the Court's "eyes and ears" by visiting persons under guardianship to assure that they are receiving appropriate care.

Reasons to volunteer

1. You can help your community.
2. Your contribution will be meaningful to you.
3. You will receive necessary training.
4. You will have the support of Court personnel and other volunteers.
5. You will be reimbursed for your travel.
6. You will meet others with similar interests.
7. You can work a flexible schedule.
