Internal Audit has audited the accounts of the Pocopson Home Guest Fund (Fund) as of December 31, 2009, and has compiled the attached Statement of Assets and Liabilities and the related Statement of Receipts, Disbursements, and Cash Balance for the year then ended. It is Internal Audit’s responsibility to annually audit the accounts of the Pocopson Home Guest Fund and to report the results of such audits to the County Commissioners, the Pocopson Home management, and the Auditor General of Pennsylvania. It is management’s responsibility to maintain, update, and reconcile these accounts on a continuous basis.

Our audit was conducted in accordance with generally accepted auditing standards and the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit in a manner that will provide reasonable assurance that the accounts are free of material misstatement and that amounts are properly supported and approved.

As described in Note 1, the accompanying financial statements are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, the statements referred to above are not intended to present the financial position and results of operations of the Fund in conformity with generally accepted accounting principles.

In our opinion, the accounts of the Fund are stated fairly as of December 31, 2009. Consequently, the corresponding financial statements prepared by Internal Audit present fairly, in all material respects, the assets and liabilities of the Fund as of December 31, 2009, and the cash receipts, disbursements, and cash balances for the year then ended.

In accordance with Government Auditing Standards, Internal Audit has also issued a report dated January 10, 2011, on our consideration of the Fund’s internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, policies and/or procedures. That report is an integral part of an audit performed in accordance with Government Auditing Standards and is to be read in conjunction with this report in considering the results of our audit.

Excess of receipts over disbursements 235,464

Cash Balance, December 31, 2009 $ 574,184

The accompanying notes are an integral part of these financial statements.
Note 1 - Summary of Significant Accounting Policies

Background and Reporting Entity

The Fund serves as an escrow account for each resident’s personal funds. Personal funds may include a maximum of $45 a month from Medical Assistance for each eligible resident from his/her monthly income, applicable VA benefits, funds received from family members, and profits received from the sale of personal assets. Funds are recorded in individual sub-accounts, which in aggregate, comprise the checking account balance. Small amounts may be disbursed to the resident in the form of a cash allowance. In addition, the resident may request disbursements to pay for miscellaneous personal items. Funds are disbursed to the resident’s family or designated beneficiary in the event the resident passes away while residing at the home. Undisbursed funds held in escrow represent a liability on the Pocopson Home financial statements.

Basis of Accounting

The books and records of the Fund are maintained on the cash basis of accounting. Consequently, receipts are recognized when received rather than when assessed or otherwise due, and disbursements are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying statements do not present the assets, liabilities, receipts, disbursements, and cash balances in accordance with generally accepted accounting principles.

Note 2 - Legal Matters

Our audit disclosed no pending litigation involving the Pocopson Home Guest Fund or the Pocopson Home Administrator for the year ended December 31, 2009. Peter Perry, Pocopson Home Administrator retired December 3, 2009, at which time R. Alan Larson engaged as Pocopson Home’s Interim Administrator.

Note 3 – Signature Authorization

Internal Audit observed that beginning December 2009; checks were signed by a contracted Administrator. This person replaced the previous Administrator who retired in the same month. It is not common practice of the County to have a non-county employee sign checks; however this individual was given signature authority by the Commissioners and is also covered under the county’s liability insurance.

**Report on Compliance and on Internal Controls Over Financial Reporting**

In accordance with Government Auditing Standards, the scope of our audit included an examination and evaluation of the adequacy and effectiveness with the management of the Fund’s system of internal control and the Fund’s quality of performance in carrying out its assigned responsibilities.

The primary objectives of internal controls include the following:

- Safeguarding of assets
- Reliability and integrity of information
- Compliance with policies, procedures, laws, and regulations
- Compliance with provisions of contracts and lease agreements.

In addition, generally accepted auditing standards (GAAS) require that auditors obtain an understanding of the internal control process and assess control risk in financial statement audits. For a financial statement audit, internal control is defined as a process which is designed to provide reasonable assurance that objectives regarding the reliability of financial reporting, the effectiveness and efficiency of operations, and the compliance with applicable laws and regulations are achieved. The internal control process consists of five components. They are the control environment, risk assessment, information and communication, monitoring, and control activities.

The control environment sets the tone of the organization and is the foundation for all other components of internal control. The collective effect of various important factors defines the control environment, which in turn establishes, enhances, or mitigates the effectiveness of policies and procedures. These important factors include the entity’s organizational structure and methods of assigning authority and responsibility.

The risk assessment is the entity’s identification and analysis of relevant risks to the achievement of its objectives, and forms a basis for determining how the risks should be managed.

Information and communication are the identification, capture, and exchange of information in a form and time frame that enables people to carry out their responsibilities.

Monitoring is a process that assesses the quality of internal control performance over time.
Control activities are the policies and procedures that help ensure management directives are
carried out. These policies and procedures may be classified as:

- Authorization
- Segregation of duties
- Documentation
- Physical safeguards
- Independent checks and balances.

Our audit disclosed no significant deficiencies or material weaknesses that, in our opinion, pose a
significant risk to the Fund or the County of Chester.

This report is intended for the information of the Chester County Commissioners, the Pocopson
Home management, and the Auditor General of Pennsylvania. This report is, however, a matter of
public record, and its distribution is not limited.

SUMMARY OF EXIT CONFERENCE
FOR THE YEAR ENDED DECEMBER 31, 2009

The audit disclosed no procedural or internal control findings; therefore an exit conference is not warranted. Pocopson Home Administrator, David A. Holland, has accepted the report and management letter as presented.
