

List of eFlex Changes for Filers		
	Screen Name	Change
1	Login Page	The Redaction Checkbox has been updated so that the user needs to agree to both the Redaction Notice and the updated User Agreement
2	Most Screens	There are 'Tool Tips' - question mark icons in the title bar, that provide information about the screen.
3	Change Password	If you change your password, it now must be at least 4 characters long, and you cannot use a password that you have used the past 5 times.
4	Home	The 'File to Existing Case' and 'My Recent Cases' buttons have been consolidated under 'Existing Cases'
5	Home	There is now a 'Draft Filings' button which takes you to your Draft Filings, instead of having to go to 'eFile' - 'Draft Filings'
6	Review and Approve Filing	This page is now called "Review and Submit Filing".
7	Review and Approve Filing	Instead of this page displaying the Accounts and Waviers information in drop-down fields, they are displayed as bulleted items to select from.
8	NEF	The electronically-generated NEF (Notice of Electronic Filing) will now display the most current address of each of the attorneys and/or unrepresented parties in the Service List section.
9	Error Message	If you see this message in red on the User Profile page: " Error: Error XML attorney last name: XXXX failed CourtView last name: YYYY " - if you need to change your last name on your eFlex account, please contact the Prothonotary's Office so they can also update it in the Case Management System, so the names in both systems will match.
10	Error Message	If you see this message in red on the User Profile page: " Error: Error updating the Courtview Attorney. ERROR: ORA-02291: integrity constraint (CRTVDBA.ZIPCD__ADDR__CRTV) violated - parent key not found " - please remove the 4 digit extension from the zip code field.
11	Error Message	If you see this message in red: " Error: Error on line XX: Invalid byte 2 of 3-byte UTF-8 sequence " - this means that you have entered an invalid character in either a party's name or an address. Remove the invalid character(s) from the field in your submission.
12	Error Message	If you see this message: " Error: Error Docket Code requires a document, no document was found in XML for Docket Code: XXXXX " - this means that the document name has an invalid character in it (like a colon). Remove the document from your submission, rename it by removing the invalid character(s), and add it back into your submission.
13	Error Message (see Sheet2)	If you are a <i>pro se</i> filer and you see this message on the Review and Submit Filing page: " You need to add a notice of case association to the filing if you want to be registered as an efiler on the case and receive notifications. " - this means that you are filing on a case that you are not currently associated with. You must also e-file a NOTICE OF ASSOCIATION document to associate yourself with one of the parties on the case, in order to receive notifications of future activity on the case.

14	Error Message (see Sheet3)	<p>If you are an attorney and you see this message on the Review and Submit Filing page: "You are filing to a case which does not list you as a case representative nor show that you have requested to represent anyone. We recommend that you file a Notice/Entry of Appearance." - this means that you are filing on a case on which you do not currently represent any of the parties. You must also submit an Entry of Appearance to associate yourself with one or more parties on the case, in order to receive notifications of future activity on the case.</p>
