Welcome to our second quarterly meeting of FY 23/24 as we collaborate to support young children (birth to age five) and families in Chester County.
Chester County Early Childhood Collaborative Connections

Our mission is to ensure that young children of all needs have access to high quality early care, supports and education to support their growth and development.

Bringing together parents/guardians, early childhood partners, early intervention providers, and community partners to discuss the needs and to plan for the Chester County early childhood community.

Leadership Team comprised of core partners including Infant/Toddler Early Intervention, Preschool Special Education, ELRC, Head Start, Maternal/Child Programs through the Chester County Health Department.
Chester County Early Childhood Collaborative Connections
Core Partner Roundtable Updates

- Infant/Toddler Early Intervention Services (Chester County MH/IDD)

- Head Start/Early Head Start
- Maternal/Child Home Visiting Programs (Chester County Health Department)
- Chester County ELRC (Region 19)
Community Roundtable and Resource Sharing

- Families
- Early Childhood Partners
- Early Intervention Providers
- Community Partners
Reducing Suspension and Expulsion in Chester County - Task Force

Task force is meeting on a quarterly basis to discuss trends from data collected and working on specific Chester County focused activities to reduce suspensions and expulsions in Chester County.

Working to provide professional development and local resources to the Chester County community to support education and outreach to reduce suspension and expulsion from early childhood programs.
PLANNING FOR SPRING 2024
Host a panel discussion for early childhood education providers that shares supports/resources for challenging behaviors in a proactive approach. The panel would be represented by resources in Chester County to support building connections.
## 2023 OCDEL Early Intervention Family Survey

### Chester County Results

<table>
<thead>
<tr>
<th>Sharing Results and Opportunities for Stakeholder Feedback</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sharing local results from the Annual Survey from Infant/Toddler Early Intervention Program and Pre-School Early Intervention Program and providing an opportunity for stakeholders to provide feedback.</td>
