Chester County Department of Aging Services

GENERAL INFORMATION

Home Health Care Providers offer a variety of community-based services including assistance with personal care (bathing, dressing, grooming, and toileting), meal preparation, shopping, laundry, and housekeeping, in addition to skilled medical therapies.

The cost of these services is paid by individuals, families, Medicare, Medical Assistance (Medicaid) and private insurance policies. The Chester County Department of Aging Services provides a limited amount of subsidized services for eligible county residents.

To qualify for **Medicare** home health services, an individual must be homebound, reside in a qualified residence, have a Plan of Care established by a physician, and require part-time and intermittent skilled nursing care, physical therapy or speech therapy. Services must be medically necessary and can only be provided by a Medicare certified home health agency.

To determine whether you qualify for Medicare funded home health benefits refer to the financial arrangements box in the listings, which follow and contact the Medicare certified agency of your choice.

Medical Assistance may also pay for medically necessary home health visits to homebound individuals with limited home support. The individual must be pre-certified, Medical Assistance eligible by the County Assistance Office and services must be provided by a Medical Assistance certified home health agency. Refer to the financial arrangements box in listings for Medical Assistance information.

Before contacting a home health care provider, we recommend preparing a list of questions related to your individual service needs, the provider's accreditation and certification, fees and methods of payment, and staff qualifications. At the end of this directory, we have provided a sample list of questions to assist you. Advise providers of all your insurance coverage offering home health care benefits for possible reimbursement of expenses. Once you have selected a provider, be sure to also advise them of any changes in your insurance coverage.

If you experience difficulties with the delivery or quality of your home health care services, contact your home health care provider directly. If your concerns or complaints cannot be resolved with agency personnel, we encourage you to contact the Long-Term Care Ombudsman at the Chester County Department of Aging Services for assistance at 610-344-5004.

Please note that the following listings are for information only and do not imply endorsement or recommendation by the Chester County Department of Aging Services.
