To: Magisterial District Judge Matthew Seavey

Introduction

On December 11, 2012, Internal Audit completed an audit of Magisterial District Court 15-4-04 (*District Court*). Christian J. Kriza was the auditor-in-charge. Internal Audit is required by County Code to review district courts annually to ensure compliance with policies and procedures mandated by the Administrative Office of Pennsylvania Courts and/or District Justice Administration and to assess their overall internal control structure. The scope of our audit included a review of the following:

- Cash and Petty Cash
- Undisbursed Funds
- Cash Receipts
- Manual Receipts
- Cash Disbursements
- Voided Transactions
- Overall Compliance

We conducted our audit in accordance with generally accepted auditing standards and standards applicable to financial audits contained in *Government Auditing Standards* published by the Comptroller of the United States. We have also issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters concurrent with this management letter. Disclosures and other information in that Report (also dated December 11, 2012) should be considered in conjunction with this management letter.

Executive Summary

The management and staff of the *District Court* are, in all material respects, in compliance with policies and procedures set forth by the Administrative Office of Pennsylvania Courts and directives imposed by District Justice Administration. Internal Audit noted no significant deficiencies or material weaknesses in the overall internal control structure.

Internal Audit did, however, note several matters of a lesser significance involving internal controls and compliance with policies and procedures. These matters have all been included within this management letter. Based on Internal Audit's testing and observations, it is our opinion that these deficiencies are not the result of negligence or deliberate misconduct, but are instead the consequence of one or more of the following:

- Oversight
- Human error

We want to thank the management and staff of the *District Court* for their cooperation and assistance during the course of this audit. We have provided herein a copy of our "Audit Findings and Recommendations" for your review and comment.

Please feel free to contact our office at (610) 344-5906 should you have any questions or concerns.

MAGISTERIAL DISTRICT COURT 15-4-04

FINDINGS AND RECOMMENDATIONS

FOR THE YEAR ENDED DECEMBER 31, 2011

COMPLIANCE WITH POLICIES AND PROCEDURES

In order to test compliance with all applicable policies and procedures, Internal Audit selected a statistical sample of 25 case files out of a total population of 6,403 case files created in 2011. In addition, we performed other related tests of cash receipts, cash disbursements, manual receipts, undisbursed funds, and voided transactions. Sample size for the tested areas was determined through a risk assessment analysis based on the results of the *District Court's* prior year audit and current year caseload. We believe the results of our tests are representative of the entire population on the basis of accepted audit sampling principles.

Finding 1: Undisbursed Funds

Internal Audit noted the following:

In one (1) instance, funds were not disbursed/applied in a timely manner.

Recommendation

Internal Audit recommends that *District Court* management re-emphasize to the staff the importance of disbursing/applying funds as soon as allowable on cases which have been adjudicated and/or closed. To this end, the Undisbursed Funds Report should be reviewed/monitored on a monthly basis.

Auditee Response

District Court management concurs with the finding and recommendation.

Finding 2: Cash Disbursements

Internal Audit noted the following:

In one (1) instance, a "check run" was incorrectly processed and went undetected until the month end reconciliation process. The system check information did not match the physical check information, causing the inability to properly reconcile the checks.

Recommendation

Internal Audit recommends that the *District Court* employee printing checks pay closer attention to ensure that physical checks are in order and that the system information matches. If they do not, the checks should be voided, properly canceled, and re-issued.

Auditee Response

District Court management concurs with the finding and recommendation.

Finding 4: Compliance Testing

Internal Audit noted the following:

- In one (1) instance, a non-criminal warrant was not recalled within 60 days of being issued.
